

1885 & 1888 ADDRESSES IN ORDER

2018

This 1885 and 1888 New Haven numerical directory was created from the original New Haven Directories. Entries have been shortened here to $\frac{3}{4}$ line or less.

Unnumbered addresses are shown as (Streetname),000 and therefore will not sort to their actual position on the street. Streets are generally numbered even on one side, odd on the other.

If a person lives in another town or state, or has moved to another town or state, that line will now begin with res or rem to.

res = resides in rem to = removed to

rem to CT, Meriden

rem to NY, Albany

res CT, Hartford

The addition and use of two letter abbreviations and "res" or "rem to" make a list of destinations grouped by state, and where given, by city.
